

INTRO TO CODING

Explore the concept and basic elements of programming including algorithms and logic. Children will engage in hands-on programming tasks to write their own code and stories. Your child will learn visual, physical and block-based coding with Scratch Jr, Hands-on Coding blocks and tangible programming robots.

Saturdays 10:30-11:30
6 Sessions/ 1 Hour each session
April 15th- May 20th, 2023
